---

PART B: OVERLAYS >>

Acid Sulphate Soils Overlay >>

Identified as assessable for the relevant precinct **and** located on land below the 20m AHD contour, as identified in Overlay Map 5.1 **and** involving operational works where:

- a. excavating or otherwise removing 100m<sup>3</sup> or more of material at or below 5m AHD; or
- b. filling of land at or below 5m AHD involving 500m<sup>3</sup> or more of material at an average depth of 0.5m or greater

CODE ASSESSABLE AGAINST >>

- Acid Sulphate Soils Code

Airport And Aviation Facilities Overlay >>

Is your land located:

On land within

- a. the structures >7.5m require approval area
- b. the structures >15m require approval area
- c. the structures >45m require approval area
- d. the structures >90m require approval area
- e. the all structures require approval area, as identified in Overlay Map 5.2b

SELF ASSESSABLE AGAINST >>

- Airport Code - PS1.1-1.3, 2.1 and 4.1-4.2

**and not**

- a. within the Public Safety Areas, as identified in Overlay Map 5.2a; or
- b. identified as assessable for the relevant precinct **and** on land within the 13km radius, as identified in Overlay Map 5.2a

On land within the 20 ANEF area, as identified on Overlay Map 5.2c;

SELF ASSESSABLE AGAINST >>

- Airport Code - PS6.2 and 7.1

**and not**

- a. within the Public Safety Areas, as identified in Overlay Map 5.2a; or
- b. identified as assessable for the relevant precinct **and** on land within the 13km radius, as identified in Overlay Map 5.2a

- On land within
- a. the DME 1500m buffer
  - b. the VOR 1000m buffer
  - c. the Glide path 1500m buffer
  - d. the HF Transmitter buffer
  - e. the Localiser 1500m buffer
  - f. the Marker Middle 25m buffer
  - g. the NBD 500m buffer, as identified in Overlay Map 5.2d

SELF ASSESSABLE AGAINST >>

- Airport Code - PS5.1-5.4, 5.5b-e and 5.6

**and not**

- a. within the Public Safety Areas as identified in Overlay Map 5.2a; or
- b. identified as assessable for the relevant precinct **and** on land within the 13km radius, as identified in Overlay Map 5.2a

- On land within
- a. the Public Safety Areas identified in Overlay Map 5.2a; or

CODE ASSESSABLE AGAINST >>

- Airport Code

- b. identified as assessable for the relevant precinct **and** on land within the 13km radius, identified in Overlay Map 5.2a

Biodiversity Overlay

Identified as assessable for the relevant precinct **and** located on land identified as:

CODE ASSESSABLE AGAINST >>

- a significant area; or
- a significant corridor, as identified in Overlay Map 5.3a

- Biodiversity Code

Bushfire Prone Areas Overlay

- Located on land identified as a medium **or** high risk area in Overlay Map 5.4 **and** identified as self assessable for the relevant precinct

SELF ASSESSABLE AGAINST >>

- Bushfire Prone Areas Code – Section 2 excluding PS4.1

- Located on land identified as a medium **or** high risk area in Overlay Map 5.4 **and** identified as code or impact assessable for the relevant precinct

CODE ASSESSABLE AGAINST >>

- Bushfire Prone Areas Code

Cultural Heritage Features Overlay

Located on land on or adjacent to sites listed in Schedule 5 of the Townsville City Plan 2005

CODE ASSESSABLE AGAINST >>

- Cultural Heritage Features Code

Good Quality Agricultural Land Overlay

Located on land identified as Good Quality Agricultural Land (GQAL) in Overlay Map 5.5 **and** identified as assessable for the relevant precinct

CODE ASSESSABLE AGAINST >>

- Good Quality Agricultural Land Code

Mining And Extractive Resources Areas Overlay

Located on land identified as:

EXEMPT DEVELOPMENT >>

- a Known Extractive Resource Area; or
- a Strategic Resource Area; or
- a Mining Lease; or
- an area with a Mineral Development Licence; or
- within 1km of a known extractive resource buffer; or
- along a Transport/Haul Route as identified in Overlay Map 5.6

Steep Or Unstable Lands Overlay

Located on land within:

CODE ASSESSABLE AGAINST >>

- Zone 2 – Medium Landslide Hazard; or
- Zone 3 – High Landslide Hazard; or
- Zone 4 – Potential Debris Flow Area, as identified in Overlay Map 5.7 **and** involving building work **other** than minor building work

- Steep and Unstable Lands Code

Water Resource Catchment Overlay

Located on land identified within the:

CODE ASSESSABLE AGAINST >>

- Ross River Dam Catchment; or
- Full Supply Level of the Ross River Dam, as identified in Overlay Map 5.85.8

- Water Resource Catchment Area Code

Waterways And Wetlands Overlay

Involving **no** building work **other than** minor building work **and**

EXEMPT DEVELOPMENT >>

- land on or in waterway or wetland as identified in Overlay 5.9 **or**
- on land on or within 50m of the high bank of a waterway as identified in Overlay Map 5.9 **or**
- on land on or within 100m of the high bank of a wetland as identified in Overlay Map 5.9

- Involving building work **other than** minor building work **and**

CODE ASSESSABLE AGAINST >>

- Waterways and Wetlands Code

- a. land on or in waterway or wetland as identified in Overlay 5.9 **or**
  - b. on land on or within 50m of the high bank of a waterway as identified in Overlay Map 5.9 **or**
  - c. on land on or within 100m of the high bank of a wetland as identified in Overlay Map 5.9
-
