The biennial *North Queensland Ceramic Awards* has long aimed to increase public exposure to a high standard of ceramic artwork from around the nation. A showcase for both well-known and emerging artists, this competition displays the diversity of ceramics currently being produced in Australia.

The City of Townsville Art Collection Award of \$10,000 continues to provide the opportunity for artists to become a part of one of the nation's most significant ceramic collections, as well as ensuring the continued growth of this important subsection of the City of Townsville Art Collection.

Yucky Yum Yum

30 November 2024 – 9 March 2025

📍 Perc Tucker Regional Gallery

Do you find joy eating food in fake rainbow colours, even though it might be bad for you? Do you like watching videos of objects being squished, or even people popping pimples?

Even if you answered 'no' to all the above, you would know that some things can be both delicious and disgusting at the same time. Or they can be funny and sad. Sometimes we actually desire things because they are scary or dangerous.

The artists in this exhibition have made works that you might find both yucky and yum. Hopefully, the art sparks your senses. It may ignite your emotions and memories too. *Yucky Yum Yum* is packed with new, artist-designed activities to keep you entertained and engaged over the long summer months. Just don't eat ice-cream off the pavement.
