

# Council Works Notification

## Ross River Dam to Douglas Water Treatment Plant Temporary Pump Testing

**Works location:** Ross River between Black Weir, Kirwan and Gollogly Lane, Rasmussen

**Flyer delivery date:** Monday 22 April 2024

Townsville City Council is committed to delivering well-maintained infrastructure and efficient transportation systems, with over \$400 million being invested in roads and transport management, open spaces, water, and wastewater management this financial year.

As part of this commitment, Council is renewing the Ross River Dam to Douglas Water Treatment Plant pipeline, a key water infrastructure asset essential to enhancing Townsville's water security.

**Works will include testing of the Ross River temporary pump system.**

Low level noise may be experienced during the testing period. Council has taken all necessary measures to reduce the noise in accordance with the Department of Environment, Science and Innovation recommendations.

Test operations will commence **Tuesday 30 April** and continue for 10 days, weather permitting.

We appreciate your patience during this time as Council conducts critical works in your area.

If you have any questions about this work, please contact the Project Manager, Blair Middleton during business hours on 13 48 10.
