

# General Rate Categorisation Objection

This form is intended for use in instances where an applicant believes their property is being rated as an incorrect category. For further information regarding the difference between rating categories, please refer to Townsville City Council's [Schedule of Rates and Charges](#).

The lodging of this objection does **not** negate payment of rates due, and the levy and recovery of rates by Townsville City Council. Should the objection be approved, rates will be adjusted, and a supplementary notice issued.

**Please Note:** Further information may be requested by the actioning officer to support the objection. For objections regarding a G2 category to a G1 category, a completed [Statement of Occupancy](#) must accompany the objection. For objections regarding a multi-unit dwelling to a G2 or G1 category, a reclassification of the dwelling - provided by a building certifier - must be lodged prior to submitting the objection.
