

Townsville Parking Expansion

Installation of Parking Meter Footings and Line Marking

Works location: Fulham Road and Surrounds, Pimlico

Distribution date: Monday, 9 September 2024

As part of the 2024/25 Budget, Townsville City Council is introducing changes to paid parking and plans to install paid parking meters along The Strand, Gregory, Mitchell, and Palmer Streets and in and around the Fulham Road medical precinct.

Council has completed the initial surveying work to mark the location of the new meters on the ground and to locate underground services.

The next stage of this project will involve installing footings for the meters, temporary bollards for pedestrian safety, and signage poles along Fulham Road, Doris Court, Diprose, Turner, Thomas, Park, Lothair, Albury, and Alroy Streets. Additional works will also include line-marking to clearly indicate parking bays. Cheyne Street will also receive line-marking and signage; however, this street is outside of the parking meter expansion project.

Works are scheduled to commence from **Monday, 16 September 2024** and are expected to take **two (2) months** to complete, weather and project conditions permitting.

These activities may involve temporarily closing on-street parking bays, machinery operations, vehicle movements, lighting, and odours. We understand this may cause some inconvenience, and we appreciate your understanding and patience during this time.

Regular work hours are from **6am to 6pm, Monday through Saturday**. In exceptional cases, including line-marking Council may need to work outside these hours.

Council expects the new parking meters to be operational at these locations from **Monday, 6 January 2025**. Council is committed to keeping the community informed as this project's delivery progresses. We will continue to provide updates on our progress and any changes to the schedule.

The accompanying map outlining parking areas and zone limits is also available on Council's website. For more information on paid parking, visit:
