**Application for a Development Permit for Material  
Change of Use (Educational Establishment)**

18 October 2024

To whom it may concern,

On behalf of Ergon Energy Corporation Limited (the Applicant) we enclose our application for a Material Change Use for the temporary relocation of the Garbutt Training Site. In order to redevelop the Garbutt training centre site, the training centre will need to be temporarily relocated across the road to 15 Hartley Street, Lot 361EP784. In order to facilitate a future transfer of infrastructure charges, 4-28 Hartley Street has also been applied over as part of this application. The redevelopment of the existing facility at 4-28 Hartley Street will be submitted in a separate application.

Our development application comprised the following documentation:

- DA form 1
- Landowners Consent
- Town Planning Report

We request that Council confirm the fees and charges for the use after lodgement and provide us with an invoice for the application.

We look forward to hearing back from you.

Kind Regards,

Kirsten Sellers
